Montclair HOA Board Minutes:

October 2nd, 2025 – Monthly Board Meeting

Location: Meeting was held on October 2nd, 2025, at the Warren Road Community Center.

Call to Order: at 6:30pm Drew 1st motion and Melvin 2nd motion

Members in attendance: David Zange, Greg Lacock, Wes Hopkins, Kathy Kennedy, Trey Keenan, Melvin La Pan.

Residents Questions regarding Street Lights: All residents have received surcharges on their property tax bills for streetlights. The HOA went into immediate action to address this because we pay for our streetlights and maintenance.

From the Board: This new surcharge is across Richmond County at different rates, and the reason Montclair has now been charged is because the city voided the ordinance that (in the past) allowed exceptions for communities that paid their own GA power bills and not the city. The HOA has spoken with our lawyers and legal counsel for the City of Augusta; the next step will be to work with our commissioner and super-district commissioner to push for changes to the ordinance that was changed in August 2025.

President Update: Parkers Gas Station no longer appears to be pursuing to purchase the Gardner property at the top of Kings Chapel, the did let the due diligence laps but they could come back to that property but no signs of that. They have purchased the old Wells Fargo building on Washington Rd, across from the old Hooters Restaurant.

New Business:

- Residents at the meeting wanted to make us aware of an attempted break in at the top of Kings Chapel by a screaming individual that was assumed to be disturbed mentally.

- Resident advised the board that the church property was approved at planning and zoning. Rental property cannot be blocked by the city, that criteria must be addressed in the HOA dues. There was conversation regarding the developers' experience and financial standing to date, they do not believe those homes will be sold based on the high price.

Traffic and Safety:

- Melvin provided an update regarding the police officer patrolling the neighborhood. He is not responding to emails or providing updates to the board after many attempts. Bookkeeper also reported he has not come to pick up his paycheck in a month.
- He is seen doing some work for us, we have seen him on occasion but not efficiently for visibility.
- Residents did speak up and said they would like to see more active patrols and to find someone else.
- Board voted to tell the officer he is no longer needed, and we will then look to replacing this officer. Melvin La Pan was directed to speak with the officer and let him know of the decision (email is preferred).
