President's Message

Hi neighbors!

Well, there is finally noticeable progress in the hood! The construction debris are being picked up and before you know it we can start bringing back our beautiful community. We still have many months to go to try and get ourselves back to our former glory – or at least a new version of it.

I would like to give a shout out to Warren Baptist Church for all the help they have provided our community. They have had several workdays with many volunteers combing our community and helping with debris removal, clearing sidewalks and helping residents that were particularly hard hit or in need of help.

Again, be vigilant in keeping a watchful eye on your neighbor's property. We still have many residents that are displaced waiting for repairs to their homes. If you see something suspicious contact the neighbor or the authorities.

Repairs on our facilities have started. The amount of work out there and the outside weather has got a lot of the contractors that perform work outside behind and repairs are slower than normal – be patient as we work with the vendors to complete repairs.

For those of you that have major repairs and are changing your homes, remember to submit architectural change forms – these are addressed quickly as not to hinder repairs. We need to keep the original theme of the neighborhood intact as we go forward. We do have information on brick matching, brick staining and correct types of paint designed for brick and outside weather if you are forced to paint it.

It looks like the weather is finally starting to warm up. The parks are filled with activities and walkers are out in force. It is good to see everyone trying to get back to somewhat of a norm. As we continue to heal from the storm, remember to help your neighbors wherever you can. It can be physical help, a concerned ear or a needed prayer – all are great! Together we will heal from this and morph back into the great neighborhood that we have always been!

Take care!

David

Montclair HOA Dues Payment Options

Spotlight on Montclair

Thread Needle Road

Our board assisted owners by reporting all our missing streetlights. Residential streetlights are 150 watts (14,000 Lumen light output) Sodium Vapor Street Light Luminaries with automatic photoelectric controls turn the lights on at dusk and off at dawn. Georgia Power has replaced all but three. The three remaining streetlight requests are under review. It is anticipated they will be approved. Should you notice a future issue with your streetlight, please put in a request online at www.georgiapower.com, look for "Report a streetlight outage," and enter your address information. There is also a place to chat online or call 1-888-660-5890 for assistance.

There are many things about Montclair worth celebrating. Please share your observations, encounters, or experiences with us at **montclairhoa17@gmail.com** to be featured in the newsletter.

Neighborhood Events & News

Hurricane Damage Information

We were grateful for our guest speaker, Payton Hargrove, who spoke at our February HOA Board Meeting, educating us on the basics of brick matching. In conclusion, the board shared additional places you can go for help. We are fortunate to have two local brick manufacturers in Augusta who have showrooms with onsite brick samples. Their showroom addresses and contact information are as follows:

Cherokee Brick
1984 Tobacco Road
Augusta, GA 30906
(706)771-5454

General Shale Brick
1630 Arthern Road
Augusta, GA 30901
(704)641-1126

Both Showrooms are available on weekdays for Brick Matching help. Bring a brick and go in person to get assistance. Professionals are onsite to answer your questions and give you suggestions on matching your brick. It will be well worth your time to visit both showrooms.
