President's Message

Hi neighbors!

Homes are in full transition! Many residents are back in their homes and others are finally starting to be repaired. There are still many that are waiting for repairs to be started and still not able to live in their homes yet. Please be vigilant and keep a watchful eye on your neighbor's property and if you see something not right contact them or the authorities. As we steadily repair and rebuild – if you need help on your yard or any tree work still to be done like stumps...we can give you some names of contractors that have been very helpful and are fair in pricing.

The repairs have been ongoing to our facilities. The pool fence has been completed with privacy screening installed. The baby pool is complete, and the retaining wall will be done before opening. The back deck has been repaired from the storm damage. The pavilion concrete pad is complete, and the new pavilion should be started very soon. We are still accessing the playground equipment, but it will be a slow process for repairs. All the fencing at the Crane Ferry Park has been repaired and in good shape.

Those of you who have major repairs, don't forget to turn in architectural change forms – these will be addressed quickly to avoid delays in repair. We need to keep the original themes of the neighborhood intact during the rebuild. We do have information on brick matching and staining as well as information on the correct paint to use if you must paint your brick.

It is very pleasing to see neighbors out walking and the parks busy with kids again. As we strive and struggle to bring beauty back to our neighborhood, remember there are many residents that are still "in the midst" of everything and many that need a helping hand or a kind word. For many a "kind ear" would mean a lot. Talk to your neighbors, help if you can. We are in the healing phase and still have a way to go. Hang in there! We are on our way to becoming our beautiful neighborhood again!

Take care.

David
