Montclair HOA Annual Meeting Minutes | September 14, 2026

Meeting called–motion by Drew, second by Beverly

Board Election Results

The meeting opened with the official tally of votes for the Board of Governors election.

- Connor – 117 votes
- Drew – 121 votes
- Trey – 112 votes
- Melvin – 110 votes
- Ron – 116 votes
- Greg – 108 votes
- Wesley – 113 votes
- Beverly – 110 votes
- Bryan – 95 votes
- Joey – 57 votes

The Board received the election results by motion (Ron, first. Drew, second) and approved unanimous.

A resident raised concerns regarding the ballot-counting process and whether ballots should be individually numbered or otherwise tracked. The Board noted that legal counsel had previously advised that Board members may participate in counting ballots under Georgia law. The Board agreed to explore a numbered ballot system for next year to provide additional accountability and clarity.

Financial Report

The Board reviewed the year-to-date Profit & Loss statement through August 31.

Assessments received totaled approximately $131,693. Pool memberships, concessions, and swim team revenue performed well, with several categories exceeding budgeted expectations. The Board also reviewed expenses related to pool operations, pickleball, landscaping, utilities, community projects, and Hurricane Helene recovery.

Current account balances were reported as approximately:

- General HOA – $99,455
- Pool – $29,584
- Pickleball – $34,558
- Business Savings – $60,330

A resident asked about the HOA's contingency/reserve funds and whether current or new requirements establish a specific reserve level. The Board agreed to research applicable requirements and consider whether funds should be more specifically designated as contingency reserves.

A resident also requested access to more detailed financial records, including bank statements. The Board agreed to review the request and noted that sensitive information, including account numbers, would need to be protected.

MOTION: Approve the Profit & Loss statement. (Motion, Drew. Second, Bryan)
Result: Unanimously approved.

Aging Report

The Board reviewed outstanding assessments and its continuing efforts to collect past-due balances. Approximately 68 of 534 properties were reflected on the aging report.

The Board reiterated its desire to work with homeowners experiencing financial hardship, including payment arrangements when appropriate. Under the current collection process, significantly delinquent accounts may ultimately result in liens.

Residents discussed whether additional or escalating late fees could encourage timely payment. The Board agreed to review what is permitted under the governing documents and applicable requirements before considering any changes.

The Board confirmed that homeowners who are not in good standing may be denied pool and court memberships.

MOTION: Accept the Aging Report. (Motion, Drew. Second, Connor)
Result: Unanimously approved.

2026 Board & Neighborhood Recap

The Board reviewed several projects and activities completed or addressed during the year, including:

- Continued collection of assessments and other neighborhood revenue
- Hiring a new pool manager, lifeguards, and swim team coaches
- A successful swim season with more than 130 participants
- Installation of a new pool access system
- Replacement of the pool water fountain
- Repair and refinishing of cracked areas surrounding the pool
- Resurfacing of the diving boards
- Removal of a fallen tree at the pool park
- Purchase of new picnic tables for the pool pavilion
- Fourth of July neighborhood activities
- Continued pickleball programming and Food Truck Fridays

Three Board members moved from the neighborhood during the year and resigned their positions. Vacancies were filled by Board appointment for the remainder of those terms, consistent with the HOA's governing process.

The Board thanked outgoing and current Board members, the bookkeeper, pool staff, swim team volunteers, pickleball volunteers, and other residents who contributed throughout the year.

Website & Meeting Records

A resident asked about making meeting minutes and other HOA documents available online. The Board noted that the records exist but that website-related issues have delayed posting. Work is underway to make the documents available on the neighborhood website.

Neighborhood Traffic & Security

Residents asked about recent traffic enforcement within the neighborhood.

The Board reported that a new officer recently began working neighborhood patrols approximately twice per week in three-hour shifts. Times vary to avoid establishing a predictable schedule. Enforcement has primarily focused on speeding and stop-sign violations, with the officer also monitoring neighborhood parks and other areas.

The Board has discussed Halloween coverage with the officer, although availability has not yet been confirmed.

Property Maintenance & Storm-Damaged Homes

Residents discussed several properties that remain damaged or poorly maintained, including homes affected by Hurricane Helene.

The Board noted that circumstances vary by property. Some remain involved in insurance disputes, litigation, probate, or other legal matters, while others may simply have unresolved maintenance issues.

Residents discussed Richmond County code-enforcement options for overgrown or unsafe properties. Individual residents may report properties through the appropriate county reporting process, and the Board is also compiling addresses and continuing to issue notices where appropriate.

The Board acknowledged the importance of addressing these properties while recognizing that some homeowners remain unable to complete repairs because of circumstances outside their control.

Board Vacancies

A resident asked how Board vacancies had been filled during the year.

The Board explained that when a member resigns before the expiration of a term, the Board may appoint someone to fill the vacancy for the remainder of that term. Those individuals may subsequently seek election through the normal annual election process.

Adjournment

With no further business, a motion was made to adjourn the annual meeting.

MOTION: Adjourn the meeting. (Motion, Drew. Second, Bryan)
Result: Unanimously approved.
