Trash Collection Update

As of December 15, there continues to be garbage and yard waste pickup only. Many neighbors are using the blue-lid container to dispose of additional trash, and both are being picked up as garbage.

Yard waste in containers is being picked up, while piles appear to be left for FEMA pickup.

Recycling pickup has not resumed.

President's Message

Hi neighbors!

What a beginning of the year it has been. Some of the debris has been picked up and a lot more remains...it will take a while – probably a few more months. Remember to get your piles close to the curb or the trucks cannot pick up the debris. The construction, or shall I say destruction debris of the houses and fences, will be the last to be picked up according to the city.

Now is not the time to start letting your guard down. Keep a watchful eye on everything around you and for your neighbors. If you see something that is not right call the neighbor or the authorities.

We should be seeing repairs beginning to our facilities very soon as quotes are being received and approved. The extra cold weather has already slowed down repair times, but all will be started as soon as possible.

For those of you that have major repairs and want or need to change things on your house, please remember to submit an architectural change form. They can be found on our HOA website. We also have information on brick matching and staining for brick repairs thanks to local companies. Let's try to keep the main theme and look of our neighborhood intact!

We have had some cold weather, and it may stick around for a while...but I see both parks alive with action, whether it be kids, adults or our furry friends - all enjoying the days and fresh air.

I know we have a long way to go and a lot more work ahead of us! We must stay vigilant as we heal our beautiful neighborhood. Help your neighbor if you can, sometimes just an ear is all they need. It can make all the difference just knowing someone cares! We will come together and build it back one board or brick at a time and it will be beautiful!

Take care!

David
